

I am a professional broadcast editor with a wide range of offline and online credits. I pride myself on my creative approach to my work, and am happy to edit-produce and write voiceover. I have been a lead editor on a number of projects including The Voice UK, worked on fast-turnaround OBs abroad, and am a multi-camera specialist.

---

### **Background**

My interest in editing developed from my passion for music. Growing up I recorded a lot of music at home and found my way into video editing too. Aside from work I am a (biased) father to a very cute little girl and I sing and play guitar in a band.

### **Awards**
